EDUCATION

Unisagrado   January 2020 - December 2024
Bachelor of Mechanical Engineering   GPA 3.78/4.00

WORK EXPERIENCE

Unimed Bauru Cooperativa de Trabalho Médico   Bauru, São Paulo, Brazil
Young Apprentice Program   February 2020 – July 2021

- Soft skills such as communication, ethical emotional balance, negotiation, creativity, flexibility and punctuality were developed during the Young Apprentice Program.
- Knowledge about building maintenance and preventive maintenance was developed, as well as having dealt in practice with the opening and closing of preventive maintenance through the Manuteh system.
- During the program, knowledge was acquired about the logistics area and various knowledge about operations, tools, materials, and machines in the locksmithing, painting, clinical engineering, and mechanical, hydraulic, and civil construction areas.

MAJOR PROJECTS

Toucan App (In Development)   December 2022 – Actually
Own Education App

- Based on the e-book "Fluência em 12 Semanas", a mobile application was created where the methodology was not as informative as the e-book itself, but more interactive with the user.
- The front-end and the back end are being developed with React.js.

Fluência em 12 Semanas   January 2022 – December 2022
Own E-Book

- An e-book written to teach a little-known methodology for learning a language in 12 weeks.
- Designed and developed for everyone, from 5 years old to 70-years old.
- The e-book was published on Kindle Direct Publishing and released by Kindle Unlimited.

Lojas Armazém   November 2020 – April 2021
Own Dropshipping E-commerce

- A non-stock e-commerce was developed from scratch, based on some knowledge developed in the Young Apprentice Program
- Designed and developed with Shopify and Canva.
- The ads were released by the Facebook ADS platform.

Rotary Marília   January 2019 – February 2019
Illustrator Freelancer

- Project developed with other illustrators and poets to develop a book of haikais.
- The book was a social project where 3000 copies were printed, and all the money raised from the sale was donated to institutions that study a cure for Alzheimer's and poliomyelitis.
